**Adventist Hospital**  
Banepa, Nepal

**Institutional Highlight 2021**

# Love

# Sharing

S.M.A.H. celebrated Christmas with a theme that featured the spirit of *Christmas* which is **Love and Sharing**.

In a Hindu predominated country where Christmas is not officially celebrated, launching a program like this will highlight the main reason why Christ came into this world – **share His love** to everyone.

With a workforce that is 95% Non-Christian, Christmas gifts were made available to **EVERYONE** (310 workers) through the generosity of Christian Trust board members, Adventist Health International, Centura Health and the GC Health Ministries.

No one went home without experiencing the love shared from their Christian leaders

# Love

# Sharing

**Love** was not just confined within hospital grounds. It was **shared** with the community.

The Love & Sharing program in the hospital became the catalyst for hospital workers to **share** their **love** to the community.

With seed money from Christian donors, the hospital workers also shared from their own resources to do **love-sharing** activities to their chosen beneficiaries.

The Medical Cluster went to the district prison sharing love to 238 inmates with free consultation, medicines and food packs

**Love Sharing**  
The Spirit of Christmas

A Community Outreach program brought to you by  
your brothers, sisters and friends from  
**Scheer Memorial Adventist Hospital**  
Medical Institute & College of Nursing

The College of Nursing went to the Kavre Deaf School and gave gifts of caps and mittens for winter warmth

The Nursing Cluster conducted health education classes with food distribution

The Finance/Admin cluster visited the Home for the Homeless and Rofeka Home of the Aged. They also shared food, caps and mittens.

A Community Outreach program brought to you by  
your brothers, sisters and friends from  
**Scheer Memorial Adventist Hospital**  
Patient Care/Nursing Cluster

# Love

# Sharing

Operations Cluster did a community clean-up drive for two days.

## Benefits:

1. Gaining social capital and community favor
2. Improved relationships (social & political)
3. Effective promotion of hospital & mission.

When you Share Love,  
that's the gospel in  
action because according  
to 1 John 4:8  
"God is Love."
